

Welcome Back!!! DAY TWO!

Please sit in same seats, take out OOC homework to be checked.

Open notes to new page. Write 3 or 4 words down that you think of when you hear "physics"?

What makes a good physics observation?

Today:

go over OOC,
review course guide, syllabus, questions,
get books, hand in index cards,
practice observations,
matter investigation, properties

OBSERVE, ORGANIZE, CONCLUDE!

TRY TO BE AS OBSERVANT AS POSSIBLE!

PHYSICS OBSERVATIONS:

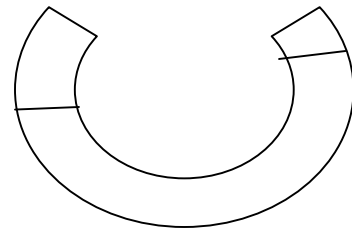

WHAT WILL HAPPEN WHEN ONE CORK IS REMOVED?

_____ liquid move (higher)

_____ liquid move (lower)

_____ Nothing

_____ other

OTHER CORK?

_____ liquid move (higher)

_____ liquid move (lower)

_____ Nothing

_____ other

PHYSICS OBSERVATIONS:
(Static and ACTION!)
