# New Haven Public Schools

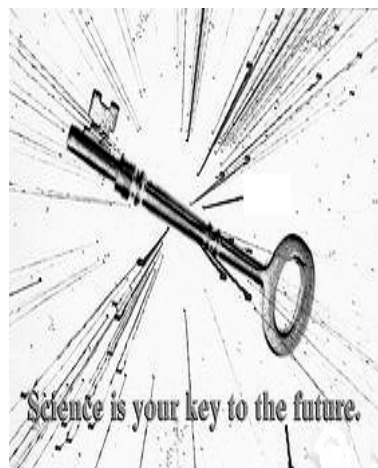

**TO:** 7/8 Science Teachers, Principals  
**FROM:** Richard Therrien  
**DATE:** Oct 10, 2006  
**RE: Middle School CIA Monday, Oct 16th**

As you know, our first middle school science session is scheduled for Monday, Oct. 16<sup>th</sup>. We are meeting at Hill Central, in the library. Parking is in the lot to the right of the school, or on surrounding streets. Reminder that the school is on Dewitt Street, which is one way.

Our session is scheduled to be professional development: I will be starting each group with some research and work on misconceptions in science. Then each group will work at tables for an hour or so to identify misconceptions and teaching strategies to overcome them as found in the 7/8 standards. I will also be distributing teacher copies of the finalized quarterly assessments, with student scantrons and scoring rubrics. Please let me know if there are any questions.

Thank you.

Richard Therrien
